

My name is Isidore Daniel,I am in Jss1,I am 12 years old,the name of my school is Femoland International school,am here to write an essay on what I can invent

Firstly I will like to invent a system that reduces waste,conserves energy,or promotes eco-friendly practice.and I might create a devices that improves accessibility for people with disabilities,such as a wearable devices that assist with mobility or communication.

Secondly I will like to invent a game that promote learning
